2-in-1 wireless car and desk mount with 25W Qi2.2 technology, magnetic attachment and retractable USB-C cable

SKU: TESUPAIRSTANDQI225W

Dual charging and magnetic mounting solution for your smartphone, at home and on the go

25W QI2.2 WIRELESS CHARGING IN THE CAR AND AT YOUR DESK

The **2-in-1 wireless mount** lets you charge your smartphone both in the car and at your desk using a single accessory. **Qi2.2 technology with wireless charging up to 25W** combines a stable magnetic attachment with fast and efficient wireless power, while the two operating modes allow you to use the mount in the car, attaching it to the air vent with the clip included in the package, or at home as a desk stand.

ADJUSTABLE MAGNETIC MOUNT FOR A MORE COMFORTABLE VIEW

In car mode, the included clip allows you to attach the mount to the **air vent**, while the support arms improve smartphone stability. The **360° adjustment** lets you position the screen according to your needs. On your desk, the **foldable stand** keeps your phone raised and easy to view during calls, videos and everyday activities, or lets you comfortably watch content while your phone is charging.

RETRACTABLE USB-C CABLE AND POWER MANAGEMENT

The integrated **70 cm retractable USB-C cable** can be pulled out whenever you need to connect the mount to a power source and use the wireless charging function. When not in use, it retracts completely inside the mount, helping keep your space neat and organised.

ADS – Automatic Detection System technology detects the power requirements of the connected compatible device to manage charging appropriately. The mount supports **5W, 10W, 15W and 25W wireless power** for devices compatible with magnetic charging and Qi2 technology, as well as **7.5W for iPhone**, making it a versatile charging solution for devices with different power requirements and compatibility.

WHAT SETS IT APART

- 25W Qi2.2 wireless charging
- Dual-use design: desk stand or car mount
- Stable magnetic attachment
- 360° adjustable rotation
- 70 cm retractable USB-C cable
- ADS technology: detection of the connected compatible device
- Wireless power for Qi2-compatible devices: 5W, 10W, 15W, 25W
- 7.5W wireless power for iPhone

WHAT'S IN THE BOX

- 1 car mount
- 1 desk stand
- 1 metal plate
- 1 user manual
