Sleeping mask with soft padding, eye cups, and complete blackout

SKU: TETRAVEYEMASKP

Block out the light and enjoy a comfortable rest during travel and at home.

SLEEP MASK WITH COMPLETE DARKENING FOR UNDISTURBED REST

The **Go First Collection sleep mask** is designed to provide comfortable rest even in the presence of ambient light. Thanks to its structure engineered to ensure **complete darkening**, it helps create the ideal conditions to relax and sleep during air, train, or bus travel. Also perfect for resting at home, it allows you to block out external light and enjoy moments of tranquillity at any time of the day.

PADDED EYE CUPS FOR SUPERIOR COMFORT

The **eye cups with ultra-soft padding** offer a pleasant feeling of comfort during use, gently adapting to the eye area. The padded structure helps make the mask comfortable even during extended rest, while the **darkening fabric** limits light passage to promote relaxation. A practical solution for those who want to rest during long transfers or take a refreshing break between activities.

HYPOALLERGENIC FABRIC AND ADJUSTABLE STRAP FOR A CUSTOM FIT

Made of **100% acrylic**, the SBS Go First mask features a **hypoallergenic fabric** designed to provide a pleasant sensation in contact with the skin. The **adjustable strap** allows you to tailor the fit to your needs, keeping the mask in place during rest. Its soft and compact design makes it easy to store in hand luggage, a backpack, or a bag, so you always have it on hand during travel, holidays, and daily relaxation moments.

WHAT SETS IT APART

- Darkening sleep mask
- Complete light blocking
- Ultra-soft eye cups
- 100% acrylic hypoallergenic fabric
