Blackout sleep mask with anti-twist strap, hypoallergenic fabric

SKU: TETRAVEYEMASK

Blocks out light and allows you to rest comfortably anywhere thanks to the ergonomic design and adjustable fit

BLACKOUT SLEEP MASK FOR A COMFORTABLE REST ANYWHERE
The **Go First Collection sleep mask** is designed to help you rest even in the presence of ambient light. Thanks to its ability to **block out light**, it creates a darker and more relaxing environment during air, train, or bus journeys. Also ideal for resting at home, it allows you to take a break during the day or sleep more comfortably in bright surroundings. A practical travel accessory to accompany you during moments of rest, wherever you are.

ERGONOMIC DESIGN AND TWIST-RESISTANT STRAP FOR A STABLE FIT
The **ergonomic and flat design** of the mask fits comfortably around the eye area, offering a universal fit. The **adjustable twist-resistant strap** allows you to adapt the mask to your head circumference and helps keep it in place while resting. Just wear it over your eyes and adjust the strap to find the desired fit. A simple solution for relaxing during long transfers or daily breaks.

HYPOALLERGENIC POLYESTER FABRIC AND COMPACT TRAVEL-FRIENDLY DESIGN

Made of **100% polyester**, the SBS Go First mask features a **hypoallergenic fabric** designed to provide comfort against the skin. Its soft structure and **flat, lightweight design** make it easy to pack in your hand luggage, backpack, or bag without taking up much space. The black colour and minimalist style complete a versatile accessory, ideal for those who want a practical solution always at hand to block out light and rest during travel.
