

BT290 mono wireless earphone

SKU: TEEARBT290K

Wireless mono earphone with multifunction key and integrated microphone; magnetic charging dock included in the package

ALWAYS WITH YOU

The **BT290 mono wireless earphone** is a practical and light accessory for listening to music or making calls, while hearing surrounding sounds with your free ear.

You won't have to worry about getting off at the wrong station when you're on the subway and you can wear the earphone in the car without having to take it off.

EASY TO USE

Turn on the earphone and enter the Bluetooth settings on your smartphone: select "SBS BT290" for pairing.

Using the **multifunction key** you can answer calls, recall the last number or reject calls. While listening to music, you can start and pause tracks.

Talk using the **integrated microphone**, without the hindrance of wires.

SIMPLE CHARGING

Inside the package, there is a **USB magnetic charging dock** to be connected to an energy source such as a car or wall charger or a power bank or PC. Just place the earphone on the magnet to charge it.
