

## TWS BT480 Urban wireless earphones

SKU: TEEARBT480TWS

**Stereo earphones with a 500 mAh charging base, voice control, Bluetooth V 5.0, multifunctional buttons for music and calls, colour: white**

**Stereo earphones with a 500 mAh charging base, voice control, Bluetooth V 5.0, multifunctional buttons for music and calls, colour: black**

### CUSTOMISED

The **TWS BT480 Urban wireless earphones** are the ideal solution for you, if you want an accessory which is rich in style and satisfies all your demands. **Make calls, listen to music and activate voice control** with a simple touch. You can carry it around with you in the charging base.

### TECHNOLOGY AT YOUR SERVICE

Essential accessories for you, if you are often moving around town; these earphones have **multi-functional buttons** for managing music and calls. Indeed, you can repeat or pause song tracks, take or refuse calls or call back the most recent number. The Urban BT480 earphones also feature voice control: just hold down one of the two multifunctional buttons for a few seconds to activate **Siri or Google Assistant**.

### IMMEDIATE USE

The Urban earphones are **TWS (True Wireless Stereo)**: once they have been removed from the charging base, they switch on and automatically connect up to one another without cables. To connect to your smartphone, you just need to go into the Bluetooth settings for your device and select the "SBS BT480 URBAN" voice. All that's left to do is to put them in and be astounded by how light they are - it's as if they weren't there.

### THE ESSENTIAL BASE

The base, which comes as part of the package, functions as a **convenient and compact case** and a **precious battery-charger** for the earphones. The USB Micro cable, which comes along with the package, allows you to supply the base with power: when fully charged it will allow you to charge the Urban BT480 **up to four times over**.

## FEATURES:

- Bluetooth V5.0
- 500 mAh charging base included
- Stereo
- Integrated microphone
- Multifunction buttons for music, calls and voice control
- Usage time: 3.5 hours
- Call time: 2.5 hours
- Charging time: 1 hour
- USB-Micro USB charging cable included
