

Acid stereo wire earphones

SKU: TEJZEARACIDG

Stereo wire earphones with metal finish, call answer / end key, 3.5mm jack cable, set of memory foam pads included

HARMONY OF ELEMENTS

Acid jazz includes musical styles such as electronic, fusion, funk and soul that coexist in perfect harmony. These **earphones**, too, are feature a perfect balance between materials and technologies to give the user a must-have accessory.

THE PERFECT SOUND

These earphones have multiple qualities. The sought-after **metal finish** has a double meaning: on the one hand it represents a refined design element, on the other it is functions to prevent annoying vibrations when listening to music

Inside the package there are two sets of earphone pads in sizes S, M, L: 3 silicon pairs and **3 memory foam pairs**. The shape of the material adapts perfectly to the ear and prevents external noises from bothering you during calls or while playing music.

The bass lines and the irresistible rhythms of the drum machine will win you over.

EASY LISTENING

The **3.5mm jack cable** allows simple and immediate connection to a smartphone. You can talk with friends or colleagues by using the **integrated microphone** and the **call answer / end key**.
