SKU: TEOCNBB10000B

### Charger made from 35% bio-degradable materials, with two 2.1A USB outputs for quick charging with Intelligent Charge

#### PERFORMANCE AND SUSTAINABILITY BY YOUR SIDE

Recharge two devices at the same time, while respecting the environment. The **eco-friendly 10,000 mAh power bank** from the **Collezione Oceano** is a low environmental impact product suitable for powering many types of devices.

#### SUSTAINABILITY AT YOUR FINGERTIPS

This accessory is manufactured from 35% bio-degradable materials with a low environmental impact. The packaging of the power bank is **plastic-free**, i.e. it is made of **100% recycled paper**.

**Eco-friendly** ink has been used for printing. By choosing products from the Collezione Oceano you also contribute to the cause of **Marevivo**, the Italian association for the defence of the sea and its resources.

#### THE RECHARGE YOU'RE LOOKING FOR

The types of products that this power bank can recharge are endless: smartphones, headphones, earphones, speakers, drones, smartwatches, MP3 or MP4 players, joysticks, Kindles or other e-readers.

Thanks to the two 2.1A USB outputs, it is possible to **charge two devices simultaneously**. The ports feature **Intelligent Charge** technology: when used individually, they guarantee your smartphone a **50% charge** in just 30 minutes without short circuits, overloads or overheating.

#### HOW TO CHARGE THE POWER BANK

The charger has **4 status LEDs** to display the remaining energy, and a Micro USB input. When discharged, use the cable included in the package to recharge it. With a full charge, the power bank is able to **charge a smartphone with a 2,500 mAh battery four times**.
