JAM, THE MULTIFUNCTIONAL SPEAKER YOU'RE LOOKING FOR

This **Jam speaker** is a versatile and modern accessory to have beside you in moments of complete relaxation. Use it to **listen to music in multiple ways**: through wireless pairing with your smartphone or by taking advantage of the auxiliary socket for media players, the USB input for USB keys or the SD slot for TF Cards up to 32 GB. You can even answer telephone calls thanks to a dedicated control button. Its fabric cover also makes it a stylish accessory.

PERFORMANCE AND SOUND

The speaker has **10W of power** that enhance your playlist with a full-bodied sound, emphasising all the nuances of your favourite tracks. With the built-in 1200 mAh battery, you can **listen to music for approximately 2 hours**, and when making calls, **talk for approximately 3 hours**.

MULTIFUNCTION BUTTONS: FOR ALL YOUR NEEDS

At the top of the Jam speaker, you will find a **control panel with all the multi-function buttons you need**: on/off, volume adjustment, call answering, play next or previous song and pause or play.

JAM: ALL NEEDED PORTS

The M button on the control panel allows managing various inputs, according to your preferred listening mode. 10W speaker with a SD slot and AUX and USB inputs. The **USB port** allows inserting keys with files in different audio formats and the **SD slot** accepts TF Cards of up to 32 GB. The **AUX input** allows connecting media players as well as earphones and headphones.

WIRELESS: HOW TO

Listen to your favourite tracks with a wireless connection. Turn JAM on using the ON/OFF button. Then access the Bluetooth settings of your smartphone. Select **TESPBTRIF** from the list of found devices.

RECHARGING THE JAM SPEAKER: HOW TO

Thanks to a **Micro USB** output, you can plug in the speaker, recharge and continue to use it even after the internal battery runs out. Included in the package is a **USB-Micro** cable for recharging.

FEATURES:

- Wireless
- Stereo
- 10 Watts of power
- Multifunction keys
- Micro SD slot for cards up to 32 GB
- AUX Port
- Micro USB input for recharging the speaker
- Dedicated output for reading USB keys
- USB-Micro charging cable included in the package
- Covered in soft fabric
