

Capacitive gloves for touch screens

SKU: CMWINTERGL22LB

Use your touch devices while keeping your hands warm

NO NEED TO REMOVE THEM WHEN USING YOUR TOUCH SCREEN DEVICES

Now you can use your Apple, Samsung, Xiaomi, Huawei, Oppo or any other brand of **smartphone** or **Tablet** in the depths of winter without worrying about getting your hands cold. These gloves will keep your hands warm and three fingers (thumb, index and middle finger) are covered in a special material (polyester) that lets you still use **touch screens** through the gloves. This means that, unlike other gloves, **you will never have to take these off** to write **messages** or make **calls** from your smartphone. Enjoy winter days outdoors to the max.

STRETCH MATERIAL AND ONE-SIZE-FITS-ALL

They are **easy to put on** thanks to their stretch material and are also designed **to fit any hand size**.

COLOURFUL, WARM AND FASHIONABLE

The light **plain colour** and **minimalist design** make them perfect for any occasion, whether you're in a mountain chalet or in the city, these gloves are a distinctive and functional accessory.

KEY FEATURES:

- they work on touch screens
