

## Travelling battery charger with EU, UK and USA plugs

SKU: TATRAVHOLD2AUN

### Universal wall charger with interchangeable EU, UK and US plugs - the US plug has 2 2.1Amp USB sockets

This **universal travel charger** is the ideal accessory for travelling with fully-charged devices.

This charger has a particular feature making it an invaluable accessory. It is equipped with three interchangeable sockets. Just select from the **EU / UK / US plugs** included in the box and insert into the back of the device: in this way, you can plug it into the mains supply and recharge.

You can recharge multiple devices at once thanks to the two **2.1 A universal USB outputs**. Power your mobile device and your tablet at the same time for worry-free travelling.

**'Intelligent Charge' technology** allows this charger to automatically recognise the maximum absorbable charging power of your device(s) and regulate it accordingly, providing energy quickly. In just 30 minutes, the energy level will already be 50%.\* This practical travel accessory can also be used as an EU / UK / US mains adaptor, thanks to the outputs on the front where you can plug in devices such as electric shavers or hairdryers.

The travel charger is also designed to hold smartphones - no more leaving them on the floor. Simply place your device between the two slots provided: vertically or horizontally, as desired.

At your service, at all latitudes.

Features:

- Interchangeable UK, US, EU plugs
- Adaptor for EU, UK, US plugs
- Intelligent Charge
- 2 2.1 A USB outputs

- Type of recharge: fast
- Device charge level after 30 minutes: 50% \*

\* Charging times are approximate and depend on the battery capacity of the device being recharged.
