Capri Lightning-USB 2.0 data and charging cable

SKU: TENOSLIGHA

Tangle-free cable for charging and data transfer with metal Lightning-USB 2.0 connectors, 1 metre in length

The *Capri data and charging cable* from the **Nostalgia collection** is designed for Apple addicts looking for charm and style in a product for everyday use.

This accessory is in fact the perfect combination of vintage taste, true retro charm and practicality: use it to **charge your iPhone, iPad and iPod** or **to transfer data** between devices. With the USB 2.0 connector you can send the files stored on your Apple devices to a PC or other devices.

Both **connectors are reinforced with metal** to withstand wear and tear and prolonged use. The **tangle-free finish** means that you can wind up and unwind the cable without it getting tangled or knotted.

This accessory is also pleasant to handle. The rubber coating protecting the metal core has a lovely feel.

Features:

- A "Made for Apple" device: an accessory designed to support Apple devices*, with the manufacturer's certificate of compliance with the performance standards required by Apple.
- Recharging
- Data transfer and synchronisation
- Lightning/USB 2.0 connectors reinforced with metal
- Tangle-free
- Length: 1 metre

* check the models in the "compatibility" section
