

# Low latency TWS gaming headset with integrated microphone

SKU: MHTWSVENOMBTk

**These wireless headsets offer low-latency audio transmission to enhance your gaming experience**

## LOW-LATENCY

**Venom headsets** are ideal for your **gaming moments on Android and iOS smartphones, PC, laptop with wireless connection**. What sets them apart from other wireless headsets is the low latency: **audio will have minimal delay**. This way, you'll have maximum control over your gameplay.

## TRUE WIRELESS STEREO

The wireless connection is very handy for gaming - it doesn't **restrict your freedom of movement**. **Smooth listening** is also always guaranteed thanks to the **TWS** (True Wireless Stereo) technology that allows the **earphones to connect to each other easily and automatically**.

The **range of action up to 10 metres** means they can be used even at a distance, making them suitable for listening to music during moments of rest and relaxation.

## INTEGRATED MICROPHONE, LIGHTS AND CONTROLS

Thanks to the integrated microphone you can **interact with other players online** and talk to your partner during phone or videocalls. Through the **touch controls** on the headset, **managing calls, voice assistant, and even listening to music**, is very practical and easy.

The **blue LEDs** on the headset and charging case add a modern touch of gaming style.

## BATTERY AND CHARGING

The **35 mAh battery** for each earphone provides **up to 5 hours of listening time and up to 160 hours of standby time**.

To recharge it, simply put the headphones back in their case and **in 1 hour they will be back to 100%**.

When the case can no longer provide power, simply power it up by connecting the **included USB - USB-C cable** to a charger.
