

Semi-in-ear, metal earphones with USB-C connector and built-in controls

SKU: TEEARTYCMETW

If you have a cell phone with a Type-C port, this wired headset is just what you need for music and calls

Wired earphones with USB-C connector: why buy them

These **wired earphones with USB-C connector** are designed to offer universal compatibility with all cell phones equipped with this port. These semi-in-ear earphones combine versatility with a sleek and durable metal design.

Metal design: durability and elegance

The metal design of the earphones not only gives a sophisticated look to the headphones but also ensures **durability over time**. This **premium finish** protects the earphones from daily wear and tear and adds a touch of sophistication to make them suitable for any context.

Semi-in-ear design: a perfect balance between comfort and sound quality

The semi-in-ear design of these earphones offers an optimal balance between comfort and sound quality. The earphones fit gently in your ear, **remaining steady while you listen**. This finish guarantees an immersive and clear sound experience, allowing you to appreciate every nuance of your favourite music or follow crystal-clear conversations on telephone calls.

120cm long lead: uncompromising freedom of movement

Thanks to the **120cm** long lead, these earphones offer remarkable freedom of movement. This length allows you to place your cell phone in your pocket or bag without having to sacrifice listening comfort. Whether walking around the city, training in the gym

or working on the computer, the lead guarantees a **reliable and stable connection** .

Manage music and calls with ease

Managing music and calls is simple and intuitive. In fact, the integrated multifunction controls on the lead allow you to manage the volume and playback of music tracks **without having to take out your phone**. This versatility makes them an ideal companion for any situation, from relaxing listening to dynamic enjoyment while on the move.

Key features:

- USB-C connector
- Designed in metal
- Semi-in-ear design
