

Eco-friendly Type-C cable

SKU: TEOCNTCW

Data and charging cable made of 35% biodegradable materials, USB 2.0 to Type-C connectors at 90°.

ESSENTIAL FOR YOU AND THE ENVIRONMENT

This eco-friendly cable for charging and data transfer is a product created to respect the environment and offer you a great solution for all your daily needs.

ECOLOGY AT YOUR FINGERTIPS

This accessory is composed of 35% biodegradable materials to ensure a low environmental impact. The package containing the cable is **plastic free**, i.e. it is made of **100% recycled cardboard**.

Eco-friendly ink has been used for printing. By choosing products from the Collezione Oceano you also contribute to the cause of **Marevivo**, the Italian association for the defence of the sea and its resources.

POWER AND DATA IMMEDIATELY AVAILABLE

Use the cable by connecting it to a power source to charge devices that support **USB to Type-C** connections: earphones, headphones, speakers, power banks and smartphones. You can also **transfer data** to free up disk space or have files immediately available on your mobile phone.

The **1 metre** length will allow you to connect devices that are not close together. The **90° angle of the connectors** allows extremely practical use, avoiding sharp bends that damage the wire.

FEATURES:

- Connectors: USB 2.0 to Type-C
- Made 35% from biodegradable materials
- Recharging, synchronisation and data transfer
- 90° connectors
- Length: 1 metre

Eco-friendly Type-C cable
SKU: TEOCNTCW
