

Portable alcohol tester with HD LCD display, colour indicator and usage counter

SKU: EVALCOLTESTK

Your pocket-sized blood alcohol monitor: quick and easy

Digital Alcohol Tester with HD LCD Display

Compact, modern and intuitive, the **ALCOCHECK alcohol tester** is the ideal tool for checking your blood alcohol level quickly and responsibly. The practical **HD LCD display** enables a clear and immediate reading of the results.

Usage counter and smart starting

When turned on, the device shows the **total number of uses made**, a useful function for monitoring the use of the tester over time and the frequency of checks.

Easy to use: just blow and get the result

To carry out the test, just **blow for 6 seconds at about 1 cm** from the front of the device. In just a few seconds, you will get a clear and immediate answer.

Traffic light visual result: green, orange, red

The result is displayed with a **smart 3-colour graphic**:

- **Green**: safe level
- **Orange**: warning
- **Red**: high level

An effective solution for reading your blood alcohol level even in low light conditions.

Powered by AAA batteries

The device is powered by **2 AAA batteries** (not included), a practical choice to ensure autonomy and portability, without the need for cables or charging.

Warnings

This product is not approved for official or professional use. The results obtained are to be considered purely indicative and **have no legal validity** .
