

Track Pro Smart Band

SKU: GLSMARTBANDFINDP

Train in style and never lose track of your device

Find your watch anywhere

Thanks to its compatibility with **Apple Find My**, the Track Pro is easy to connect to your Apple devices' network: **locate it in real time** whenever you misplace it. Whether it ended up under your pillow or forgotten at the gym, you can find it in seconds.

Breathe, monitor, improve

Track Pro offers constant **heart rate monitoring**, in addition to **guided breathing** and **sleep tracking** functions. Whether you are struggling through a stressful workday or relaxing at home, you can better manage your well-being and recover your energy.

Durable and smart design

Its ergonomic strap, **colour touch display** and **IP68-rated resistance** make the Track Pro an ideal companion for every adventure. No need to worry about rain, sweat or dust. The battery can handle **5 days of continuous use** from just 2 hours of charging.
