

Charging kit ideal for laptops, smartphones and tablets with 140W charger and 2 m USB-C cable included

SKU: LATR1A2CPD140WK

Versatile power and multi-device charging up to three devices at the same time

ULTRA-POWERFUL 140W CHARGING FOR LAPTOPS

The **140W wall charger kit** delivers **high-performance charging** ideal for the latest-generation laptops. Compatible with laptops from brands such as **Lenovo, HP, Dell, ASUS** and many other devices, it ensures power and reliability for work, study and intensive use, even on the go.

DUAL PORT AND USB-C CABLE FOR MAXIMUM VERSATILITY

Equipped with **two 140W USB-C ports and one 30W USB-A port**, this charger allows you to **power multiple devices at the same time**: for example, you can connect a tablet and a smartphone to the two USB-C ports and wireless earbuds or a smartwatch to the USB-A port. Alternatively, connect a single laptop to one of the USB-C ports to charge it at up to 140W.

The package also includes a **2-metre USB-C cable** that ensures convenience and freedom of use, making the kit complete and ready to use in any situation.

POWER DELIVERY AND PPS FOR DYNAMIC AND PRECISE CHARGING

You can use this charger to power different devices, even simultaneously, without risks. The two USB-C ports feature **Power Delivery** technology, which delivers power according to the needs of the connected device up to 140W, reducing charging times. In addition, **Programmable Power Supply (PPS)** support also regulates voltage in real time, ensuring **efficient, stable and safe charging**, ideal even for high-demand devices. This charger therefore offers fully adaptive charging and is a versatile solution for multiple devices.
