

USB-C rechargeable silicone light with 4 light modes and Hippopotamus design

SKU: LUFSLHSHIP

Lights up and entertains anywhere

HIPPOPOTAMUS LIGHT WITH 4 BRIGHTNESS MODES

The **rechargeable hippopotamus light** offers four modes to adapt the lighting to different times of the day: soft light at 5%, medium at 50%, intense at 100%, and flash mode. The ON/OFF button allows you to turn the light on and easily select the desired mode, making it practical for creating a soft glow or achieving greater visibility.

1200 mAh BATTERY WITH UP TO 10 HOURS OF AUTONOMY

The **1200 mAh battery** ensures up to 10 hours of illumination. Charging is done via a **USB-C port** and takes about 4 hours, with a power input of 5.0 V DC 1.0 A. A practical solution to recharge and use multiple times without disposable batteries.

SOFT SILICONE AND WRIST STRAP

Made of **soft and protective silicone**, the Hippo light is pleasant to hold and easy to carry with you. The wrist strap increases practicality during use and transport. The dimensions of 30 × 4.7 × 4.5 cm offer an elongated and manageable shape.
