My Bud Ergonomic In-Ear TWS Earbuds with Up to 15 Hours of Battery Life

SKU: MHINEARMYBUDBTK

Ergonomic design for a comfortable listening experience

IN-EAR DESIGN FOR STABLE AND IMMERSIVE LISTENING

The **My Bud TWS earbuds** deliver a practical, stable, and completely wireless audio experience. The in-ear design ensures a more secure and isolating fit, making them ideal both while commuting and during moments of relaxation. The **Wireless 5.3** connection provides a range of up to **10 metres**, allowing you to move freely without interrupting your listening experience.

STABLE AND INSTANT CONNECTION

True Wireless Stereo technology automatically synchronizes the two earbuds: once removed from the charging case, they switch on and pair instantly for immediate use. The **Dual Leader** system also allows you to use a single earbud independently without compromising audio quality. These earbuds are therefore a versatile solution for switching from music to calls or alternating between the right and left earbud throughout the day.

Thanks to the **multifunction touch controls**, you can manage music playback, answer calls, or activate your voice assistant with just a few simple taps directly on the earbuds.

PERFECT TO KEEP UP WITH YOU ALL DAY

The earbuds provide up to **3 hours of continuous playback**, allowing extended listening sessions before needing to recharge. Enjoy your favourite podcasts, music, and audiobooks for a longer time, without interruptions. Once the battery is low, simply place the earbuds back into the charging case and they will be ready to use again in approximately **1.5 hours**. The **portable charging case** extends total battery life up to **15 hours**.

KEY FEATURES

- TWS technology: stable and instant wireless connection
- Ergonomic in-ear design
- Total battery life up to 15 hours
- Dual Leader for independent use of a single earbud
- 180mAh charging case with USB-C port
