

Water-resistant wireless speaker with strap

SKU: MHSPDOME2TK

The poolside speaker that will play music for up to eight hours in a row

Use it on the beach or by the pool in total peace of mind, so you can listen to music and make calls wherever you are

The **Dome 2.0** speaker has **IPX4** certification, ensuring it is resistant to splashes of water or rain. That way, you don't have to worry about keeping it safe while you're at the pool or the beach. **Pair it wirelessly** to your smartphone and enjoy your moments of relaxation or fun with your favourite music! Thanks to the **ten metre operating range**, you can move away from the connected device while it is safely in your bag without losing the connection.

Up to eight hours music time

It has an amazing battery life: you can use it **all day** without a break. When it runs out of power, however, simply connect it to a powerbank or charger via the **USB-A to USB-C cable** included.

The multi-function controls and strap offer optimal convenience

With this speaker, you'll also be able to communicate with the person you're talking to during a call thanks to the integrated microphone. The answer/end button allows you to control this action without touching the connected device. That's not all: you also have buttons to adjust the volume, change songs or play/pause a song. Carry it with you comfortably thanks to the integrated strap.
