

## Fluo-colored TWS earphones

SKU: MHTWSFLUOR

### The uniquely coloured earphones with charging cradle

#### Bright neon colours for earphones that stand out

The Fluo **earphones** are a useful and extremely original accessory. Their bright fluorescent colouring gives them a stylish and ultra-modern touch.

#### Compact and rechargeable even on the move

The **compact size** allows you to take them anywhere, even in your pocket, without excessive bulk. When they are out of charge, simply insert them into the handy **180 mAh case** which, in addition to protecting the headphones, **recharges them** in 1½ hours **without the aid of wires, chargers or power sockets**. When the case also runs out of power, you can charge it up with the **USB-A - USB-C cable** included.

#### Control your music on the earphones directly

The **touch buttons** located on the earphones ensure you have full **control over music and calls**. You can play/pause a song, change a song, answer/ hang up/reject a call, control the volume and activate the voice assistant.

#### True Wireless Stereo: wireless music and calls

Fluo earphones feature True Wireless Stereo (TWS) technology. Thanks to this technology, you can listen to your music **without the need for any wires**. The headphones pair automatically with each other and, after pairing first takes place, they pair with a **smartphone, tablet or laptop** as well. The signal is stable even **10 metres** away.
