Universal wireless keyboard with integrated book cover

SKU: TABOOKUNIKEYBOARDV

A keyboard to transform your tablet or smartphone into a laptop

Compatible with any tablet or smartphone up to 11"

This **universal keyboard** is compatible with all devices offering **wireless** connectivity. The **integrated cover** was designed for **tablets or smartphones up to 11"**: simply attach it to your device using the adjustable **elastic straps**. The soft **microfibre interior** also keeps your device safe without damaging it.

Maximum convenience and practicality

The **rigid** structure of the book case allows you to position your device in **two stand modes**. You can therefore work on your tablet or smartphone **like a laptop**. The operating range of up to 10 metres also allows you to search on your **Smart TV** while sitting comfortably on the sofa.

Great for even the most intense sessions

Use it all day long with total peace of mind: it has a **battery life of 44 hours**. And when it runs out of power, simply connect it to a wall charger, car charger or power bank using the included **USB-A to USB-C cable**.

Compact and slim: easy to take with you

The keyboard can be easily removed from the case and effortlessly slipped into a rucksack or handbag. Thanks to its 0.5 cm thickness and compact dimensions (24.7 x 15 cm), it is the perfect travel companion.
