Universal French wireless keyboard with stand function

SKU: TAUNIKEYBOARDDW-FR

Connect with any enabled device and enjoy a comfortable typing experience even with a smart TV

Type on any device without the use of wires

With the **universal wireless keyboard** you can type on any compatible device without using any wires and enjoy a **range of up to 10 metres**. The model is **compatible with a wide range of Apple, Android or Windows devices** equipped with wireless connection so you can easily write on a smartphone, tablet, laptop or smart TV.

Optimised for the French language

This wireless keyboard has an **AZERTY** layout, meaning the key order is optimised for the French language.

Enjoy optimal screen positioning

The **universal wireless keyboard** is equipped with a comfortable and practical **stand including a removable stand function** where you can place your device. Just attach it to the keyboard and insert your smartphone or tablet inside the appropriate slot to stabilise it in front of you and enjoy optimal screen positioning at all times.

Long battery life

You can write, read and work for a long time thanks to the 150 mAh (milliampere-hours) **long-lasting,** reliable battery. The wireless keyboard once charged guarantees you **up to 44 hours of use**.

When the battery runs out, simply connect it to a compatible power source using the **cable with USB-A to USB-C connectors** included in the package to power it.

Ideal both at home and in the office

Thanks to its **ultra slim and compact design**, with a thickness of only 6 millimetres it takes up little space on your office desk or home table. It is also so light that it can be easily carried in your backpack or bag so you can have it with you during your travels at all times.
