Earphone travel adapter with a 3.5 mm male jack and a 3.5 mm female jack

Aircraft seats are often equipped with special audio sockets that prevent us from using our own headphones or earphones during flights. However, in order to make long flights more enjoyable, SBS has added this handy adapter jack to its Travel Line. Equipped with two 3.5 mm male jacks and a 3.5 mm female jack, this adapter will allow you to connect your headphones or your earphones to conventional airplane sockets.
