Ultra-strong D3O Screen Protector Technology with Applicator for iPhone 18 Pro/17 Pro

SKU: TEAPPLD3OIP1863P

Here are all the benefits of the D3O material screen protector for your iPhone

THE ADVANTAGES OF THE D3O SCREEN PROTECTOR

Choosing a **screen protector with D3O technology** for your **iPhone 18 Pro** ensures optimal protection against scratches and knocks. The innovative material used in this screen protector **greatly reduces the risk of damage** to your smartphone screen.

D3O INNOVATION FOR SUPERIOR PROTECTION: HERE'S HOW IT WORKS

D3O technology represents a major advance in screen protection. This protective glass, while being **thin and almost invisible**, offers exceptional impact resistance. Thanks to its ability to **absorb and dissipate impact energy**, it minimises the risk of damage to the display. After impact, **the material returns to its original state**, guaranteeing long-lasting protection.

D3O CERTIFICATION: GUARANTEE OF MAXIMUM PROTECTION

The D3O certification is not only an important indicator of quality, but also ensures that the screen protector has been **made to withstand high impacts**, effectively protecting your iPhone's display from accidental drops and knocks.

TOUGH, THIN SCREEN PROTECTOR: TAKES ADVANTAGE OF THE DISPLAY

Thanks to the D3O material that replaces standard screen protectors, this model offers almost invisible protection **without altering the design or touch sensitivity of the screen**. Despite the excellent protection provided, the screen protector is distinguished by its thinness and enables **unlocking via facial recognition**.

EASY INSTALLATION THANKS TO THE APPLICATOR INCLUDED

Included in the package, you will find an **intuitive applicator** which makes **installation simple, fast and precise**. With this tool, you can apply the screen protector **without the risk of air bubbles**, achieving a professional result even at home. **Perfect alignment is guaranteed**, saving time and stress and ensuring impeccable protection from the very first use.

WHAT DISTINGUISHES THIS PROTECTIVE GLASS:

- D3O technology: impact- resistant material
- Transparent, thin screen protector
- Easy, bubble-free application
- Compatible with Touch and Face ID
- Applicator included for perfect installation

INCLUDES:

- 1 D3O glass screen protector
- 1 applicator for guided installation
- 1 cleaning cloth
- 1 dust removal sticker
- 1 cable
