10000 mAh Qi2.2 25W Magnetic Power Bank with Power Delivery 3.0 and Aluminium Finish

SKU: TEBB10000QI225ALU

Powerful magnetic charging with premium style and maximum freedom

MAGNETIC POWER BANK FOR EASY CABLE-FREE CHARGING

The **Mag Alu 10000 mAh magnetic power bank** is designed for those who always want extra power available, combined with an elegant and practical design. It magnetically attaches to smartphones compatible with magnetic charging or MagSafe technology, allowing you to recharge without cables while commuting, at the office, or during travel. The **10000 mAh** capacity provides a reliable power reserve to help you stay connected throughout the day with complete peace of mind.

QI2.2 25W WIRELESS CHARGING AND POWER DELIVERY 3.0 VIA USB-C

The integrated **Qi2.2 technology** ensures precise magnetic alignment and more efficient wireless charging, delivering up to **25W** on compatible devices. If your smartphone is not compatible with magnetic charging technology, you can still power it through the USB-C port: the integrated **Power Delivery 3.0 technology** intelligently adapts the power output according to the charging needs of the connected compatible device. It is therefore ideal for charging smartphones, earbuds, tablets, and other compatible devices whenever fast and stable charging is required.

PRACTICAL, ELEGANT, AND PERFECT FOR TRAVEL

The **aluminium finish** gives the power bank a premium look and feel while ensuring durability and everyday comfort. It is compatible with iPhone 12 and later models, Google Pixel 10 and later, Samsung smartphones, and other devices supporting magnetic wireless charging or magnetic rings. This power bank is approved for air travel, making it the perfect accessory to carry in your hand luggage for reliable charging on the go. The included **USB-C cable** allows you to recharge the power bank or your compatible devices immediately, without needing additional accessories.
