

## Ultra-compact wireless 5,000 mAh power bank

SKU: TEBB5000HDMAG

**The external battery that keeps your devices charged at all times even when you are away from home**

**Easily take it with you wherever you go, even on the plane!**

The **5,000mAh power bank** is small and powerful. It is very small (6 x 8 x 1.5 centimetres) and suitable for storing in a handbag, bum bag, purse, backpack or clutch bag. This power bank can also be taken on a plane with peace of mind.

**Wireless and MagSafe compatible: perfect for iPhone and Android**

The **5,000mAh power bank** allows you to charge your phone when you're walking down the street, at work or in the car and you don't have a power source to hand. The **flat surface** allows you to charge a **wireless-enabled Android smartphone**. Place your device on top of it and **15W** charging starts automatically. With its built-in magnet, it's perfect for **iPhones with MagSafe charging**: as you move your Apple phone closer to the base, it will **magnetically attach** to the phone's body.

**Automatic Detection System (ADS) technology: secure wireless charging**

The 5,000 mAh powerbank provides fast and secure wireless charging. **Transmits power taking into account the maximum needs of the phone being charged**. This is particularly useful for iPhones, which often require less power, to keep them safe from short circuits and overheating.

**USB-C port charges ultra-fast and reliably**

The built-in Type C port has a dual purpose: you can use it to **charge the power bank** using the **cable supplied** or to **power an additional device** using a cable with a USB-C connector. This port charges at 20 watts, and thanks to the **Power Delivery (PD) technology**, it does so in a fully reliable way. So you can power a MagSafe iPhone with wireless charging and, **at the same time**, a pair of earphones.

**Key features:**

- Capacity: 5,000 mAh
- Dimensions: 61.7 x 79.3 x 1.5 mm
- wireless
- power: up to 15 Watts
- compatible with MagSafe charging
- Automatic Detection System technology (ADS)
- USB-C input/output port

- you can charge two devices simultaneously
- USB-C port power: up to 20W
- Power Delivery (PD) technology
- Status LED

**Contents include:**

- USB-A - USB-C charging cable
- instruction manual

Ultra-compact wireless 5,000 mAh power bank  
SKU: TEBB5000HDMAG

## Technical data

SKU: TEBB5000HDMAG

Weight: 30 g

Battery capacity: 5000 mAh

Recharging cable: USB - Type C

Maximum output power: 20 W

EAN: 8018417487484

GPSR: The product must not be used by children or by people unable to understand the potential risks., Item subject to WEEE Directive 2012/19/EU, Item subject to Battery Regulation 2023/1542/EU, Item subject to CE marking, Packaging of the item subject to the "Green Dot" recycling system, The item packaging is recyclable, Item subject to UKCA marking

Color: white

Input: 5V D.C. 3A/ 9V D.C. 2A /12V D.C. 1.5A

Output: 5V D.C. 2.4A/9V D.C. 2.22A/12V D.C. 1.67A (PD 20W)

Battery: 5000 mAh

Connector: 1xUSB-C

Technology: Power Delivery (PD)

Connector 1: 1xUSB-C

Charging type: Power Delivery 20W

Wireless Output: 15W

Included accessories: User manual, Charging cable
