Magnetic Power Bank 5000 mAh with integrated display, magnetic wireless charging up to 15W and USB-C 20W port

SKU: TEBB5000MAGTFT

Fast and smart magnetic charging with real-time monitoring thanks to the Smart Color Display

SECURE AND STABLE MAGNETIC ATTACHMENT

The **5000 mAh magnetic power bank** attaches perfectly to compatible smartphones thanks to its high-intensity magnetic system: simply place it on the back of your device and it will align securely. **Wireless charging up to 15W** ensures fast and stable power without cables, ideal while commuting, at the office or when using your phone for calls and videos. This power bank is also **MagSafe compatible** and, thanks to the **Automatic Detection System**, it can safely charge different devices: charging power automatically adapts to the magnetically connected device, preventing overload.

ULTRA-FAST CHARGING VIA USB-C PORT

If your device is not compatible with magnetic charging, you can still charge it via the **20W USB-C** port. Quickly and efficiently charge smartphones, tablets and other devices thanks to the **integrated Power Delivery technology**: delivered energy adapts to the connected device's needs, preventing waste and overheating. Perfect when you're short on time and need a **fast and reliable charge** before heading out or during a short break.

PERFORMANCE ALWAYS UNDER CONTROL THANKS TO SMART COLOR DISPLAY

The **integrated display** allows real-time monitoring of battery level, output power, voltage and temperature. **Power Control 2.0 technology** optimises performance, ensuring constant control and safety: a practical solution to manage energy precisely and always keep your power bank's performance under control.
