Hard book-style case with two card holder pockets, magnetic closure and microfibre backing for Samsung Galaxy S23 Ultra

Protection and practicality combine perfectly with 'Made in Italy' design in the **Book Wallet Lite Case**.

This book-style case is distinguished by its minimalist design and attention to detail. The stitching, the internal lining and the choice of materials are synonymous with **durability and quality**.

The Samsung Galaxy S23 Ultra is held inside an edge of flexible material (TPU) that leaves the side buttons free, and rests on a soft **microfibre backing**. Thanks to the **magnetic closure**, the case can be carried in a bag or backpack without opening accidentally.

The front opens up to 360° to guarantee maximum comfort during calls. The **two internal pockets** are designed to carry credit cards, ATM cards, driving licence, or any other cards. The opening for the camera lens allows you to take photos without removing your device from the case.
