

Lightning charging cable with travel bag

SKU: TECABLELIGTRAVW

A 1 metre long charging cable with Lightning MFI and USB outputs, white color

How many times have you placed the cable to recharge your smartphone in your suitcase or purse and then been unable to find it in your time of need? Especially when you are travelling, it is important to always have a charging cable on hand. With this cable you can recharge your smartphone simply by connecting it to your PC.

This 1 metre long cable has two outputs: a Lightning and a USB. It can be used both for charging your device and to transfer or synchronise data. In addition, the package also contains a practical travel bag to store the cable after use and always keep it close to hand.

Features:

- Charging and data transfer cable
- Lightning and USB outputs
- Cable length: 1 metre
- Fabric travel bag included
