

USB-C 3.2 charging and data cable compatible with 240W Power Delivery

SKU: TECABLETISUETCC240G

A durable and incredibly fast cable

For ultra-fast charging and data transfer

This cable is characterised by its ability to transfer power at **240 Watts** to **smartphones, tablets and laptops** when connected to chargers or power banks with this type of power. In this way, you can exploit the full potential of your chargers and provide maximum charge to your device. It is also compatible with **Power Delivery** technology, which allows ultra-fast and safe charging: your device is protected from overheating and short circuits. Connect it to a PC to **synchronise data at 10 Gbps**: transfer images, videos and documents in the blink of an eye. The cable is **Charge & Synch**: while your device is connected for data synchronisation it will be charged at the same time.

For your devices with a USB-C port

The 2 metre-long **USB-C cable - USB-C 1.5** is just what you need to charge a smartphone, tablet or laptop with a USB-C socket. It is also compatible with **iPhone 15**. The **USB-C** connectors can easily be inserted **from any side** without forcing.

Resistant and anti-tangle: the fabric cover

The Nylon coating ensures optimal strength. The tangle-free finish also allows you to store it wherever and however you like without annoying tangles.

The cable clip keeps it tidy and ensures easy storage.

The cable tie keeps the cable tidy. You can store it neatly inside your PC case or in your desk drawer, where it is always ready for use.

Key features:

- USB-C connectors
- length: 2 metres
- compatible with 240 Watt Power Delivery technology
- data transfer: 10 Gbps
- fabric covering
- anti-tangle effect
- charge & synch: when the device is connected to a laptop, this cable allows charging and data transfer at the same time

Contents include:

- USB-C cable
- cable clip
