USB-C - USB-C 4.0 cable with 240W of power

SKU: TECABLETISSUETCC40GB

The ideal cable for charging devices that require high charging power

THE IDEA CABLE TO CHARGE A LAPTOP

This **1 metre USB-C cable** can charge one device at a time **with a maximum power of 240W**. It supports **Power Delivery (PD)** technology, which is a charging standard that allows a high amount of energy to be transferred in total **security**. It is excellent for powering your iPhone, Samsung, Huawei, Xiaomi, Oppo and many other brand smartphones, but you can also use it for your tablet or e-reader. If you own a **rechargeable** laptop with USB-C, in addition to a charger or power bank suitable for charging, you'll also need a suitable cable: the **240W USB-C cable is just what you need**.

TRANSFERS DATA AT VERY HIGH SPEED

With this cable you can also transfer photos, files, documents and much more at a **speed of 40 GB per second**. You can transfer very large files in seconds.

ANTI-TANGLE AND WITH CABLE CLIP

In addition to being high-performance, the 240W USB-C cable is also very comfortable. The tangle-free nylon finish ensures you can use it for a long time with **it getting tangled up**, so you can store it wherever and however you want when you're in a hurry. The **cable clip** also allows you to put it in your laptop bag **as neatly as possible**.

Key features:

- USB-C connectors
- maximum power: 240W
- transfer rate: 40 Mbps
- Power Delivery (PD) technology
- tangle-free nylon finishing
- length: 1 metre

Contents include:
