

USB 2.0 Aramid Fibre Reflective Lightning Cable

SKU: TECABLEUNRELIG2GK

Resistant Aramid Fibre Charging and Data Transfer Cable with USB 2.0 and Lightning Connectors, 2 metres, grey-black/red-black/orange-black.

MANY ADVANTAGES IN ONE PRODUCT

Avoid knots, use in cramped corners, work in low-light conditions, charge and transfer data quickly. The **USB 2.0-Lightning cable**, from the **Unbreakable Collection**, includes all these features and is made especially for die-hard Apple users.

RESISTANT AND REFLECTIVE

The woven fabric cable is **tangle-free** so it resists knotting and braiding. The aramid fibre it is made of offers incredible shock, vibration and bend resistance. Its **stress testing under 50,000-bends** conditions certifies the robustness of this accessory and it is suitable for long-lasting use.

This cable can be used in low-light conditions. Its special reflective finish allows you to handle it without difficulty. Inserting the connectors into the various ports in the dark will no longer be a problem. This coloured cable gives off light effects and reflections, making it highly attractive.

RECHARGING AND DATA TRANSFER

This accessory allows you to **power and transfer data between devices quickly and easily**. Power your Apple device by inserting the Lightning connector into the dedicated input on your device and connecting the USB 2.0 cable to a power source. You can transmit images, videos and music from your iPhone to your computer in no time. Connect distant devices. The **2-metre length** will allow you convenient use.

FEATURES:

- A "Made-for-Apple" device. This accessory is made to support Apple devices* and is certified by the manufacturer to meet the performance standards set by Apple.
- Made of aramid fibre
- Reinforced USB 2.0 and Lightning Connectors
- Reflective
- Suitable for charging, transferring and data synchronisation
- Tangle-free
- Length: 2 metres
- Stress test: 50,000 bends
