5W Conference Speaker

SKU: TECONFSPEAKBTK

The hands-free speakerphone designed to make conference calls from your computer, smartphone or tablet simple and convenient.

FOR CONFERENCE CALLS

This **speaker** is the ideal device for making your **conference calls completely clear** so you can avoid using your **smartphone, tablet or computer** speakers which often distort the audio. It is particularly suitable for calls with multiple participants.

Its **multifunction buttons** guarantee easy audio and call management.

WIRELESS OR CORDED

It is up to you how you connect it to your device. It readily connects wirelessly to smartphones and tablets: simply pair it through your device's settings. Its **wireless range** guarantees connections from **up to 10 metres away**. Its **USB-C port** enables you to connect it to a PC or Laptop using the **cable provided**. This also enables you to **charge the speaker**.

TECHNOLOGY

This device **optimises voices** and **reduces background noise** thanks to artificial intelligence algorithms, allowing you to use it even in rooms that are not perfectly quiet.

Its **omnidirectional microphone** picks up sound from up to two metres away, so **all call participants can speak without having to approach the speaker**.

DESIGN

Its **small size** makes it easy to carry. In addition, its **IPX5 rating** and **non-slip feet** means it can even be used in damp locations.

KEY FEATURES:

- Connects wirelessly or via cables
- AI algorithms for voice optimisation and background noise reduction
- Multifunction buttons
- Omnidirectional microphone
- Wireless usage time: 3 hours
- Charging time: 3 hours
