Micro USB charging kit for cars

SKU: TECRKITMIC21AFAST

10 Watt car charger with 2.1 A USB output and Micro USB cable for charging and data transfer, length 100 cm

This **10 Watt *car charger*** is the right product for anyone who wants to power up their devices while driving.
The power supply is equipped with a **2.1A universal USB output** suitable for charging smartphones and tablets. You can also make full use of the devices that support **Micro USB** technology thanks to the cable included in the package.
Simply insert the USB connector into the appropriate output of the charger and the Micro USB end to the devices that have this type of connection. You can also use the cable individually to transfer and synchronize data such as images, videos and music.
Intelligent Charge technology allows this portable charger to provide the required energy in a short time. In fact, in just 30 minutes the charge level of your device will already be at **50%.**
Carry this car kit with you at all times: the essential accessory to tackle a long journey without being left with a flat battery.

Features:

- 10 Watt battery charger
- 1 USB output of 2.1 A
- Charging cable with USB connectors - Micro USB
- Intelligent Charge
- Charge level after 30 minutes: 50% *
- Recharge type: fast

* charging times are approximate and will depend on the device being recharged.
