Car charger with integrated retractable cable

SKU: TECRRETPD65W

Ultra-fast and safe charging, even on the road

SAY GOODBYE TO TANGLED CABLES

Plug the **car charger** into your vehicle's 12V socket or cigarette lighter and it's ready to use straight away: thanks to the handy Pull&Plug system, simply pull the **integrated cable** which extends **up to 60 cm**, so you can conveniently charge your compatible devices while travelling. For example, you can charge a smartphone attached to a car holder without removing it. When not in use, the cable rolls back into place and is magnetically secured: maximum convenience even on the road!

A 3-IN-1 CHARGER

This car charger features **a 30W USB-A port, a 35W USB-C PD port and a 30W USB-C PD cable**. This means you can **charge up to three devices at the same time**, so you never run out of power while travelling: for example, connect your wireless earphones or smartwatch to the USB-A port, your smartphone to the USB-C cable and your tablet to the USB-C port.

INSTANT POWER, NO WAITING

Thanks to the **Power Delivery technology** built into the 35W USB-C port, you can **charge your compatible devices quickly and safely**: just **15 minutes for a smartphone, 30 minutes for a tablet and 50 minutes for a MacBook Air***. Power Delivery delivers the right amount of power based on the connected device, preventing overheating and ensuring ultra-fast charging.

WHAT MAKES IT STAND OUT

- Ultra-fast charging for compatible devices
- 30W USB-A port, 35W USB-C PD port and 30W USB-C PD cable
- Power Delivery technology
- Output power: up to 65W
- Retractable cable with Pull&Plug system
- For vehicles with a 12V socket or cigarette lighter
- Charges a smartphone in 15 minutes, a tablet in 30 minutes and a MacBook Air in 50 minutes*

*Charging times are approximate and depend on the battery of the device being charged and the number of connected devices
