

Ultra-strong case for Samsung S26 Ultra with D3O technology

SKU: TED3OMAGCOVSAS26U

D3O technology for maximum protection, with magnetic charging without removing the case: discover the benefits of this exceptional case

ULTRA-STRONG CASE WITH MAGNETIC CHARGING: GUIDE FOR SELECTING

The **cover with D3O technology** allows you to better protect your **Samsung S26 Ultra** and charge it without removing the case. Thanks to the special material it is made of, **the risk of the device being damaged if dropped is drastically reduced**. Explore all the advantages of this indispensable cover in this guide.

D3O TECHNOLOGY FOR UPPER PROTECTION: HOW DOES IT WORK?

The **D3O** technology ensures innovation and security: this cover is designed to offer exceptional protection. **Soft and flexible to the touch, this special material hardens instantly** on impact, **absorbing and dissipating shocks** to minimise the risk of damage to the mobile phone. After impact, **it returns to its original thin and soft state**, providing continuous and reliable protection.

D3O CERTIFICATION: MAXIMUM PROTECTION GUARANTEED

D3O certification is not only a seal of quality, but a guarantee that your case is built to **resist strong impacts**, protecting your Samsung S26 Ultra from accidental drops.

MAXIMUM PROTECTION AND COMFORT: SLIM, LIGHTWEIGHT DESIGN WITH SOFT TOUCH

With the D3O material that **replaces traditional TPU**, this case has the same **transparency, elegance** and the thickness as a standard case. This means that your Samsung S26 Ultra remains easy to handle and comfortable to carry with you, without taking up space. Despite its high level of protection, this case **stands out for its lightness**. Tactile sensations also remain unchanged as **the softness** of the TPU is guaranteed.

YOU CAN RECHARGE YOUR SAMSUNG S26 ULTRA WITH MAGNETIC CHARGING

Designed to perfectly fit your Samsung S26 Ultra with magnetic charging, the case provides full access to all buttons and ports on the device. Its compatibility with magnetic wireless charging allows you to enjoy the full functionality of your device **without removing it during power up**.

KEY FEATURES:

- D3O technology: ultra-strong and flexible material that reduces the risk of damage to the mobile phone
- Allows magnetic charging without removing the cover
- Soft, light and transparent cover

- Also protects the side buttons
