

OWS earbuds with clip-on design and touch controls

SKU: TEEAROWSClipBTK

The design of these earbuds has been specifically created to offer maximum comfort.

Lightweight and stable design for maximum comfort

The **OWS earbuds** have an innovative **clip-on design** which attaches to the ear via soft outer ear cups. Thanks to the **ultra-light weight**, they guarantee long-lasting comfort all day long. The stable structure makes them ideal for any activity, including **running, gym, yoga** and other dynamic sports.

Open Wireless Stereo Technology: Safe, extended listening

Open Wireless Stereo (OWS) technology offers wireless, perfectly synchronised sound transmission. Thanks to the **Air Conduction** system, there is no need to insert the earbuds into the ear canal: the sound travels through the air, allowing you to listen to music in a natural way, maintaining **awareness ambient noise**. Perfect for running or walking in total **safety**.

Wireless charging wherever you are

The **300mAh charging case** allows up to **4 complete charging cycles**. Simply insert the earbuds into the case to automatically activate charging, **with no need for cables** or electrical outlets. In just **90 minutes**, the earbuds return to 100% charge, ready to accompany you everywhere. When the case goes flat too, simply connect it to a power source using the **cable provided**.

Crystal clear calls with integrated microphone

Equipped with a **built-in, high-quality microphone**, OWS earbuds guarantee **clear and interference-free calls**, ideal for video calling, meetings and everyday conversations. A perfect solution for people who work on the move or live connected.

Intuitive touch controls

Manage music, calls and your voice assistant with a single touch. The **touch controls** enable you to: **play/pause music, change track, answer or end a call, activate the voice assistant, redial the last number**. Keep your smartphone in your pocket and control everything directly from your earbuds.
