

## Twin Pure Drops - TWS earphones with Environmental Noise Cancellation (ENC) microphone

SKU: TEEARPURDTWSBTW

### They pair quickly with your device and allow you to make undisturbed calls

**With Hall Switch Technology, wireless pairing is fast**

The **Twin Pure Drops earphones** are the perfect leisure and work option. As **True Wireless Stereo (TWS)** earphones, they turn on and pair with each other as soon as you take them out of the case. Also, thanks to **Hall Switch Technology**, they pair with your device **wirelessly** as soon as you open the charging case. You'll only need to use your smartphone/ tablet/laptop settings to pair them the first time you use them.

**HD microphone with Environmental Noise Cancellation (ENC): calls are always crystal clear**

The **built-in HD microphone** features Environmental Noise Cancellation (ENC) technology, a **noise filtering** system that allows your voice to be heard clearly even in environments that are not completely silent.

### Hours of music and calls

With the **Twin Pure Drops** you can **listen to music for up to 6.5 hours**, with **calls of up to 4.5 hours**. When they run out of power, just put them back in the **380mAh case** and they'll be recharged in 1.5 hours. And when the case runs out of power, connect it to a power bank or to the mains using the **USB-A - USB-C** cable included.

**Control your music and calls with a tap on the earphones directly**

The **touch controls** on the earphones allow you to **pause/play tracks, change tracks, answer/reject/end calls** and even activate the **iOS or Android voice assistant**. By tapping 3 times, you can activate the **gaming function** for low audio latency.
