# Rear bike reflector with integrated locator compatible with the Apple Find My app

SKU: TEFINDBIKE

## Safe cycling and guaranteed traceability: one accessory with many functions for your bike

Keeping your bike visible and traceable has never been easier! The **rear reflector with integrated locator compatible** with Apple's **Find My app** is the must-have accessory for every cyclist who prioritises safety and technology. Discover how this innovative device can transform your riding experience, providing protection and peace of mind.

### FIND OUT WHERE YOU LEFT YOUR BIKE WITH THE INTEGRATED TRACKER

**Our bicycle reflector** is not just a simple safety device. Equipped with an integrated tracker, it allows you to easily track the position of your bike. This means that you'll always know where your bike is: simply connect to the Find My app with your iPhone to see where you have left your bike.

### ENSURES SAFETY ON THE ROAD AT ANY TIME

Visibility is the other key feature of this device. Designed to increase your safety on the road, the **bike reflector** reflects light so that you are seen by motorists, significantly reducing the risk of accidents in the dark or in low light conditions.

### RESISTANT TO RAIN AND PUDDLES

This safety reflector is also **water resistant**, allowing you to face all kinds of weather conditions. It happily copes with sudden rain and puddles without the LED and tracker deteriorating due to water.

### WHY CHOOSE THE REAR BIKE REFLECTOR?

- Compatibility with Apple's Find My: locate and monitor your bike directly from your iPhone
- Increased visibility: reflects light from cars and increases your safety by improving your visibility at night and in low light conditions
- Water-resistant: suitable for all weather conditions, guarantees functionality and durability
