Wired metal in-ear headphones with USB-C connector
SKU: TEINEARTYCMETK

Stylish, durable and practical: connect the headphones to smartphones and tablets with USB-C for music or calls

THE GUIDE TO METAL PRO 2.0 USB-C WIRED HEADPHONES: AN IDEAL CHOICE FOR EVERYDAY USE

The **Metal Pro 2.0 in-ear headphones** have been designed to deliver an excellent sound experience while maintaining an ergonomic design and comfortable fit at the same time. One of the distinctive features of these headphones is their **120cm long wire with USB-C connector**. Whether you are listening to music, watching films or on a call, these headphones offer crystal clear sound quality.

USB-C CONNECTOR FOR WIDE COMPATIBILITY: SMARTPHONES, TABLETS AND MUCH MORE

By featuring a **USB-C connector**, these headphones are extremely versatile. You can easily connect them to **smartphones, tablets and devices equipped with a dedicated USB-C port**. This compatability means you can enjoy the amazing audio quality of Metal Pro 2.0 on a wide range of devices.

IN-EAR HEADPHONES GUARANTEE COMFORT AND PRACTICALITY

Their in-ear design is designed to fit comfortably in your ear, ensuring a **secure and comfortable fit**, including during long listening sessions. The headphones are **very small** so as not to cause discomfort: even if you rest your head on the pillow, you'll feel like you're not wearing them.

The 120cm long wire allows you to move freely **without having to worry about it getting tangled or restricting your movements**. This extra cable length gives you the flexibility you need to use the headphones in various different situations, such as while travelling or while working on the computer.

INTEGRATED CONTROLLER ON THE WIRE SO YOU CAN EASILY MANAGE MUSIC AND CALLS

The controller positioned on the Metal Pro 2.0 headphone wire makes it easier for you to manage your audio. You can **play or pause music**, **answer calls** and **adjust the volume** directly from the controller, without having to take your phone out of your pocket or bag.

HIGH QUALITY METAL FINISH: THE HEADPHONES ARE ELEGANT AND HARD-WEARING

The metal finish adds a touch of **elegance and robustness** to these headphones. This not only makes them more resistant to wear, but also gives a sophisticated look that is perfectly suited to anyone looking for a refined and modern style.
