

Kit including two wireless microphones with receivers and clips

SKU: TEKIT2MICTYCBTK

The wireless solution for clear audio recordings, anytime, anywhere.

Two wireless microphones with USB-C receivers: enjoy freedom and create quality content

This kit with **two wireless microphones, equipped with USB-C receivers**, is an excellent choice for people who want to create clear, professional audio recordings, without getting tied up in cables. It is ideal for content creators; journalists; teachers; anyone who produces video or audio content on platforms such as YouTube, TikTok and Instagram; and people who take part in video conferences. Wireless 5.0 technology ensures a stable and reliable connection up to 20 metres away, even in crowded environments.

Two clip-on microphones for dual-voice recording

Thanks to the **two clip-on microphones** included in the set, you can record two audio sources simultaneously: perfect for **interviews, two-person podcasts or other multi-participant scenarios**. The microphones are lightweight, discreet, and easy to clip onto shirts or jackets, offering freedom of movement without sacrificing sound quality.

Plug-and-Play connection with integrated charging

The USB-C receiver plugs directly into the port on your device (smartphone, tablet or laptop), making setup quick and easy. Furthermore, thanks to the **USB-C pass-through port**, you can continue to charge your device even while using the microphone, avoiding unwanted interruptions and ensuring long recording sessions.

Intuitive controls and visual indicators

Each microphone features a multi-function button that allows you to turn the device on, off, or mute it with a simple touch. The **integrated LEDs** indicate the connection and charging status in real time, making the microphones extremely easy to use, even for less experienced users.

All-day battery life

With a built-in 65 mAh battery, each microphone offers **up to five hours of continuous use** and a standby time of up to 24 hours. They also charge extremely quickly: just one hour to get back to action. The included charging cable lets you charge anywhere with a simple USB-A port.

Everything you need in one kit

The kit includes two clip-on microphones, a USB-C receiver with pass-through charging, a USB-C charging cable, and a multilingual instruction manual. All packed into a compact, ready-to-use format, perfect for everyday use and on the move.

Main technical features

- Connection: Wireless 5.0
- Range: Up to 20 metres
- Frequency response: 20 Hz–20 kHz
- Battery: 65 mAh for microphone
- Battery life: 5 hours of use, 24 hours of standby
- Charging time: 1 hour
- Charging port: USB-C
- Functions: On/Off, Mute, status LED
- Compatibility: audio/video apps with OTG support
