

Magnetic car support with clip

SKU: TEPOPSUPMAGG

Universal car support with clip for air vents, magnet for attaching the smartphone and two metal plates, green color

The **car support from Pop Collection** will allow you to see incoming calls on your smartphone and road maps while you are driving.

The universal support is equipped with a **clip to attach it to the air vents** in your car. Attaching your smartphone to the magnetic surface is equally easy: you will find **two metal plates** inside the pack, one rectangular and the other circular.

Thanks to the **circular plate** you will be able to attach your phone directly to the support or else you will be able to attach the **rectangular** one inside the cover or to the battery slot.

With its loud expression reminiscent of comic books, this accessory will bring brio and vivacity to your car for journeys that are both **fun** and **practical**.
