

4D Full Glass screen protector for Oppo Find X7

SKU: TESC4DOPFX7

4D screen protector in tempered glass for Oppo Find X7, colour black

This special **display protector**, made of **tempered glass**, provides maximum resistance to shocks and scratches.

Even with the protector applied to the screen, you can use the fingerprint recognition of your smartphone.

The 4D screen protector adheres perfectly to the screen of your Oppo Find X7, leaving openings for the camera, microphone and sensors. It has been specially designed to **absorb impacts**, to keep your display in perfect condition. The 9H degree of hardness ensures the solidity of the product.

The **rounded corners** allow the screen protector to adhere to the smartphone screen.

The protector is treated with a special **oleophobic coating**, which makes annoying fingerprints on the screen less visible.

Application of this curved screen protector is extremely simple: use the **two cloths** included in the package (one damp and one dry) to clean and dry the screen and fix the protector on the screen, paying special attention to the corners.

Features:

- Ensures fingerprint recognition
- Material: tempered glass
- **Curved edges** to protect the entire display
- Shock and scratch resistant
