Ultra-resistant D3O tempered glass and foldable screen protector for iPhone Duo

SKU: TESCRD3OIPFOLD

Ultra-resistant impact protection with D3O technology, designed for foldable devices

D3O TECHNOLOGY FOR ADVANCED IMPACT PROTECTION

The **Screen Active Protectors** are designed to provide advanced protection for your **iPhone Duo**. The kit includes tempered glass for the outer screen and a protective film for the inner foldable display, both made with **D3O technology**. Soft to the touch yet highly resistant, D3O material hardens on impact to absorb and dissipate impact energy, helping to reduce the risk of damage to your device. After impact, the material returns to its original state.

D3O CERTIFICATION: GUARANTEED RESISTANCE

D3O certification ensures quality and advanced resistance to high-impact forces. These screen protectors are therefore ideal for protecting your iPhone Duo even during the most active moments: D3O technology provides durable protection against heavy impacts and accidental drops. Despite their high level of protection, the D3O screen protectors are thin and transparent, helping to preserve the display's touch sensitivity and colour quality.

COMPLETE PROTECTION FOR FOLDABLE SMARTPHONES

The **tempered glass** protects the outer display against impacts and drops, while the **foldable TPU protective film** is designed to fit the inner foldable display perfectly, allowing the device to open and close smoothly even after the protection has been applied. This combination protects your smartphone in every mode of use, whether open or closed.

QUICK AND PRECISE GUIDED INSTALLATION

The **included aligners** make installing the screen protectors simple, quick and more precise. Simply clean, align and apply the protectors by following the instructions: the kit is designed to make installing both the glass and film easy, keeping your screens protected without complications.

KEY FEATURES

- D3O impact protection technology: resistant material that absorbs and dissipates impacts
- Advanced protection against drops and scratches
- Shock-resistant tempered glass for the outer screen
- Foldable protective film for the inner foldable display
- Applicators included
- Quick and easy installation

- For iPhone Duo

WHAT'S IN THE BOX

- 1 D3O glass screen protector for the outer screen
- 1 D3O foldable protective film for the inner display
- 2 applicators
- 1 squeegee
- 1 wet wipe
- 1 dry wipe
