

Foldable 30-watt solar panel

SKU: TESOLARCHG30W

Recharge all your devices using solar power

Ultra-fast charging for up to 3 devices simultaneously

The **30-watt** solar panel can power smartphones, tablets, speakers, earphones, TWS, smartwatches, e-readers, camping lamps and even a power station. Thanks to the **3 ports**, which can be used simultaneously, you can charge your devices wherever you are. Inside the pocket, you will find an **18-watt USB-A** port, ideal for mobile phones, tablets and small electronic accessories. This port is equipped with Adaptive Fast Charge (AFC) technology which ensures safe charging, always free of short circuits or overheating. The **USB-C port** also delivers up to **18 Watts** of power, but is equipped with Power Delivery (PD) technology, a recharging standard that communicates with the powered device so as always to transfer the right amount of energy to it. Also available is a **30 Watt DC socket**, making it possible to feed 200 and 300 Watt **Power Stations**. When using all these gates together, the energy will be divided between the various outlets.

Designed for long trips in a campervan, car or lorry and for camping

This **solar charger** allows you to recharge all your devices in quick, safe, affordable and **eco-friendly** way. On sunny days, simply open it in a large space to transform solar power into electricity. Use the **built-in stands** to keep it stable on any flat surface. Putting it away is a breeze: **just fold it back up** and fasten it using the velcro, then carry it like a slim briefcase. The practical **handle** makes it easy to transport and store in the boot or cabin of your vehicle. **You can also hang it** from your tent by attaching the carabiners to the tabs on the sides of the panel.

Large pocket to hold your cables and accessories

Opening the zip, you find a **mesh pocket** where you can easily fit all your cables, accessories and adapters. This way, you can protect the charging devices from the sun, avoiding overheating.

Key features:

- foldable
- transforms into a briefcase thanks to the built-in velcro fastenings and handle
- up to 30 Watts of power
- 3 ports designed for simultaneous use
- 1 18W USB-A port with Adaptive Fast Charge (AFC) technology
- 18-watt USB-C port with Power Delivery technology (PD)
- 30-watt DC port
- built-in stands
- zipped pocket

- tabs to attach carabiners

Contents include:

- 1 x instruction manual
- 2 carabiners

Foldable 30-watt solar panel
SKU: TESOLARCHG30W

Technical data

SKU: TESOLARCHG30W
Weight: 250 g
Output power: 30W
Maximum output power: 30 W
EAN: 8018417452369
GPSR: The product must not be used by children or by people unable to understand the potential risks., Item subject to WEEE Directive 2012/19/EU, Item subject to CE marking, Packaging of the item subject to the "Green Dot" recycling system, The item packaging is recyclable, Item subject to UKCA marking
Color: black
Input: Solar panels: 4 x 7.5W (30W)
Output: 30W
Connector: 1xUSB-A, 1xUSB-C
Plug type: n/a
Technology: Adaptive Fast Charge, Power Delivery (PD)
USB Output: 5V D.C. 3A/9V D.C. 2A/12V D.C. 1.5A (18W)
Connector 1: 1xUSB-A, 1xUSB-C
Charging type: Fast, Power Delivery 30W
Input voltage: N/A
Type C output: 5V D.C. 3A / 9V D.C. 2.2A / 12V D.C. 1.5A (18W)
Included accessories: 2 carabiners, User manual
