Wireless headset with bone conduction system

SKU: TESPEARBONEBTK

Waterproof wireless headset with bone conduction system: perfect for outdoor sports

SAFE LISTENING WITH THE BONE CONDUCTION SYSTEM

Protect your hearing without giving up your favorite music. The **open-ear design** wraps comfortably around the ear for a precise, secure fit. These wireless earphones feature a **bone conduction system** that delivers audio through vibrations, without the need to insert anything into your ears, letting you enjoy music or take calls safely while staying aware of your surroundings. A perfect solution for those seeking **safe listening** during everyday activities or outdoor workouts—without isolating external sounds.

PERFECT FOR OUTDOOR SPORTS

Train without worrying about losing your earphones: the headband design guarantees **stability and comfort**, keeping the earphones firmly in place.
The **IPX5 certification** ensures water resistance, which makes these earphones perfect for outdoor activities in any weather condition. The bone conduction system also guarantees safer listening when environmental awareness is essential, for example when running or cycling.

MULTIFUNCTION BUTTONS AND 8 HOURS OF PLAYTIME

Control music, adjust volume, or answer calls effortlessly using the **multifunction buttons**. Activate your iOS or Android voice assistant without stopping your workout to reach for your smartphone.
With up to **8 hours of playtime and a full recharge in only 2 hours**, these earphones are the ideal companion for all-day use.
