Streaming Kits

SKU: TESTREAMKIT

The tripod with a light and microphone you won't be able to do without for smartphone live streaming

ADJUSTABLE LED LIGHT

The **Live Streaming Kit** is designed for anyone who wants to launch live streaming on any platform or record video tutorials quickly and easily anywhere,

The **built-in LED** ensures optimal brightness. The integrated control also allows you to **adjust light intensity**, bringing out as much detail as possible and adding a professional touch to your videos.

MICROPHONE INCLUDED

The Live Streaming Kit also has a **small microphone** to connect to your smartphone **using a 3.5mm jack.** This lets you consistently record sharp images and crystal-clear sound. You avoid distortions that can disturb those watching your videos or live streaming.

WIRELESS REMOTE CONTROL

The **wireless remote control** included will allow you to start and stop recording or live streaming from **up to 10m away** from your smartphone. You'll have total control over your content even from a distance.

ABLE TO BE DISASSEMBLED

The Live Streaming Kit can be **easily disassembled into its component parts.** This means you can **use it in three different ways**: as a tripod, LED, or separate microphone.

Because of this feature, it's **easy to put it in your bag or backpack** and always carry with you.

DISTINCTIVE FEATURES:

- the LED allows excellent light and visibility under any lighting condition
- the light intensity control gives you the ability to choose how much brightness you need for a video or live streaming
- the microphone with a 3.5mm jack and sponge protector will make your recordings more crystal clear
- the wireless remote control has a range of up to 10m

WHAT'S INCLUDED:

- LED
- microphone with a 3.5mm jack output and sponge protector
- 3.5mm jack cable
- tripod
- wireless remote control with battery included
