

Magnetic square holder for use in the car

SKU: TESUPMAGLCLIP

Position your smartphone as desired with this vent mount

TRAVEL CAREFREE

This **square magnetic holder** is ideal for your car journeys. You can conveniently choose the **display mode** of your smartphone without dropping it. The **exclusive SBS design** makes this accessory unique and priceless.

ADJUSTABLE

Thanks to the **practical clip**, the holder can be easily attached to the **air vent** of your car. The square surface allows you to position your smartphone **either horizontally or vertically**: you can then view road maps however you like.

The holder has a joint that allows **tilting** of the smartphone for **facial recognition**. While driving, you won't have to take your attention off the road to deal with a phone that has entered standby mode.

MAGNETIC

Inside the package, there are **two metal plates**: one circular and the other square. The circular adhesive plate allows you to attach your smartphone **directly to the holder**, or you can attach the rectangular **plate to the inside of the cover or to the battery slot**.
