

The MagSafe-compatible car phone holder with retractable cable and wireless charger

SKU: TESUPP15WRETRACABL

Charge your smartphone wirelessly while keeping it perfectly stable in the car

Attaches to the air vent

The **wireless mobile phone holder** attaches to the air vent thanks to the practical **adjustable clip**. It keeps your phone stable and makes it easy to accept calls and follow GPS directions.

Magnetic attachment

The **magnetic base** allows you to attach your **MagSafe-compatible iPhone** by simply bringing it closer, without any further movement. If you own an **Android Oppo, Samsung, Xiaomi, Huawei and other** brand phone, **attach the included magnetic ring** to the case first or place it inside its cover. Attach your mobile phone quickly, using only one hand

With flat retractable cable to enable wireless charging

Connect the integrated **retractable USB-C cable** to a compatible port in your car or to a dedicated charger to enable **wireless charging**. Your phone will be charged with **15 watts of power**. The **Automatic Detection System (ADS)** technology regulates the power, thus preventing short circuits or overheating.

Tilting and with metallic design

Adjust the joint to position the smartphone just the way you want it. The metallic design gives it a **refined** and **elegant** look that suits your car perfectly.
